

## Silent Film

*Mike Larkin*

My life is a movie loosely based on a book  
That seems to confuse me  
On every page that I look.  
Missing chapters, anonymous actors,  
Deleted scenes  
I dream while I'm awake  
It's not as real as it seems.  
It's so illusive  
Inconclusive I'm sleep walking  
Searching for the voice of reason  
I hear you...  
Just keep talking.
