 - b. Get an Adobe ID
 - c. Use your Adobe ID to Authorize Your Computer
- Have activated Adobe Digital Editions for your mobile device if you plan to use one
 - a. To do so, plug your mobile device into your computer
 - b. Mobile device must be compliant with ADE, check here for list of devices: <http://blogs.adobe.com/digitalpublishing/supported-devices>
- Have a myEbscoHost Account
 - a. Go to any EbscoHost database
 - b. Click on Sign In
 - c. Click on I'm a new user, and fill in the fields, and click submit

To Download:

- Go to the Ebscohost eBook database
- Login in to your myEbscohost account
- Search for ebooks
- Click on the Download button
- Choose a checkout length from 1-7 days
- Click on OPEN
 - If the download fails, you can always go back to myEbscoHost and download it again
- You can now read the book from the computer without being connected to the Internet by opening Adobe Digital Editions

To Transfer to a Mobile Device or eReader:

- Plug the device into the computer before opening ADE
- The device will be listed in the column to the left
- Drag the book to the device listing

Note: When the checkout period is up, the book will automatically be deactivated, but will not be deleted from ADE. If you want to delete the book, do so manually in ADE
