

## **TCC Child Development Lab**

Virginia Beach Campus

Early Childhood Years are Precious and Once in a Lifetime! Your child deserves an exceptional, high quality preschool experience with the Child Development lab.

### **The Child Development Lab offers children and families**

- Half day preschool programs for 3-5 year olds
- A dynamic curriculum and high quality learning environment based on the latest research and methods for early childhood education
- Opportunities to explore, create, investigate, play and learn in interest areas and small groups
- Daily interactions that encourage language development while creating an understanding of their world
- A family friendly atmosphere promoting respect, cooperation and a sense of community
- Optional lunch bunch

### **Summer camp programs will be available in July 2011!**
