Awards & honors

Tidewater Community College and its partners were recognized in the community college categories of the Governor's CTE Exemplary Standards Awards, which were announced at an event held earlier this month by the Virginia Department of Education. The awards recognize business and industry representatives for their work promoting career and technical education and highlight the efforts of educators in providing exceptional instruction and outcome for students.

Chosen from entries submitted from the state's 23 community colleges, TCC won for:

- Virginia Community College System Individual Educator, State Award – Thomas Stout, head of the electromechanical program at TCC;
- Virginia Community College System Advisory Council/Committee, State Award – Automotive Program Advisory Committee at TCC;
- Virginia Community College System Business and Industry Partnership, State Award – Canon ITS for partnering with TCC.
