Mike,

After what we went through with the full time teaching FEP starting your first sentence with "My interpretation" scares me. If you want us to move forward with the Adjunct Plan, I need to know the approval process will be acceptable to the President. I'm looking for a 100% guarantee that if approved by the Senate we can implement.

Chris,

My interpretation is that it would be vetted through the Senate and then presented to the Executive Staff and President for approval. This is similar to what I did back in 2006 when we developed a new system and then decided not to implement it in the midst of SACS.

Mike,

I need to know the official approval process for an Adjunct Faculty Evaluation Plan.
