

Workforce Development Governance Committee Minutes

Members Present:

David Steinhauer
Calvin R. Scheidt, Jr.
Kellie Sorey
Don Mendonsa
Becky Yingling
Gwendolyn L. Carr
Mary Landon
Theresa Bryant (ex officio)

The following items were discussed at the fall meeting of the Workforce Development Governance Committee held on November 10, 2006.

1. Assist in gaining infrastructure support to deliver programs that have bridged and expanded from workforce development offerings to academic offerings.
 - Theresa Bryant and Mary Landon provided an overview of a few instances where there was a breakdown in the registration process. Continuation of this breakdown would have a negative effect on future enrollments in both credit and non-credit offerings.
 - Action: Kellie Sorey suggested that this issue be brought to the Enrollment Management Team. The committee agreed that this was the proper place to address these concerns. Kellie and Theresa graciously agreed to bring this concern to the Enrollment Management Team at their next meeting. They also would discuss with Lonnie Scaeffler the possibility of awarding college credit to some individuals who have completed non-credit training.
2. Discussion on efforts to have WFD considered for inclusion in the college educational foundation fundraising activities.
 - Cal Scheidt and Theresa Bryant brought to the committee the idea of allowing contributors to the TCC Foundation to specifically earmark contributions to the Office of Workforce Development.

- Action: Theresa Bryant will ask Wendy McGrady about the possibility of having a line item added to the pledge form for Workforce Development.

3. Other business.

- Committee members were asked to help to remind other faculty and staff of the many great things offerings of the Office of Workforce Development.
- Committee members thanked Theresa and Mary for providing a wonderful lunch.

4. Meeting adjourned at 1:32 pm.
