The processing of all receipts shall generally be completed on the day received but not later than the next banking day.

All charges for tuition and mandatory fees shall be in accordance with the rates approved by the State Board for Community Colleges (SBCC). Non-mandatory fees shall be assessed and applied as approved by the TCC Local College Board and the SBCC. Fees established for Workforce offerings shall exceed the costs of such programs in the aggregate according to an annual goal established by the college president. A descriptive summary of the various tuition and fee charges is provided in [Appendix A](#).

#### **4.2. Payment of Tuition and Fees – Credit Courses**

Tuition and fees not covered by a billable document and/or financial aid must be paid in full by the close of business on the published payment due date for the respective term or classes will be dropped. The only exceptions are those students who have a "Do Not Drop" (DND) indicator placed on their account in the Student Information System (SIS) in accordance with TCC Policy 2201

The college offers multiple methods of payment for tuition and fees for credit courses including:

#### **4.3. Student Financial Assistance**

Students must successfully apply for admission to the college and enroll in courses in order to be eligible for student financial assistance. Students must also complete the associated forms and on-line processes (where applicable) to apply for the various source(s) of student financial assistance. The following college resources are dedicated to assisting students with the financial assistance process:

- Campus Financial Aid Offices assist students in understanding the various methods of assistance that may be available and ensuring that all necessary documents are provided and that all forms are completed correctly.
- The Central Financial Aid Office (CFA) collaborates with campus Financial Aid Offices, Student Financial Services, and with federal, state, and private organizations in the evaluation of eligibility, packaging, awarding, and disbursement of Grants, Scholarships, Federal Work-Study, and Student Loans.
- Campus Business Offices and the Student Financial Services Office collaborate with other applicable college offices in the evaluation and processing of student requests for waivers and military tuition assistance.

Students are responsible for ensuring the accurate, complete, and timely submission of all applicable forms and completion of processes, for completing the admissions/enrollment process, and for ensuring that their tuition and fees are paid in full by the tuition due date.

Students must be enrolled in classes in order to establish a payment plan contract. Different payment options are available to students depending upon their enrollment date. After a payment plan contract has been completed, contract-associated classes will be held until the payment plan guarantee date. All requests to increase or decrease contracts must be made in writing and sent by email to [payplan@tcc.edu](mailto:payplan@tcc.edu).

Detailed information about the tuition payment plan, including associated terms and conditions, is available online at [http://www.tcc.edu/students/admissions/tuition/Methods\\_of\\_Payment.htm#PPlan](http://www.tcc.edu/students/admissions/tuition/Methods_of_Payment.htm#PPlan). **APPENDIX C**  
**TIDEWATER COMMUNITY COLLEGE POLICY**  
**TUITION, FEES & OTHER RECEIPTS**  
**STUDENT FINANCIAL ASSISTANCE FOR CREDIT AND WORKFORCE COURSES**

---

This appendix provides guidance for the application, awarding and disbursement of Federal and State Grants, Scholarships, Federal Work-Study, Student Loans, Waivers, and Military Tuition Assistance.

**A. Credit Courses**

**a. Grants, Scholarships, Federal Work-Study, and Student Loans**

Grants and Loans

Students may apply for aid by completing the Free Application for Federal Student Aid (FAFSA) online at [www.fafsa.ed.gov](http://www.fafsa.ed.gov). A paper application is also available by contacting the Department of Education at 1-800-4FEDAID (1-800-433-3243). Students should be aware that state and some federal aid sources are awarded on a first-come, first-served basis. When completing the FAFSA, students must indicate TCC as a college of choice in order to automatically be evaluated for eligibility. Eligibility for state and federal grants including PELL, SEOG, COMA, VCCS Grant, and PTAP is given consideration prior to evaluating eligibility for other sources of assistance to complete the student's financial assistance package. Students may be contacted by the Financial Aid offices to request supplemental documentation that may be required to complete the eligibility verification process.

The amount of financial aid assistance is posted to the student's account in the Student Information System (SIS) once the determination of eligibility and the aid package that is available to the student is complete. The initial Financial Aid Award Notice is then sent to the student's TCC email address. If the student's total assistance package does not meet the estimated direct costs for the given academic period, the Financial Aid Award notice will include a student loan offer.

Students who choose to obtain a student loan must complete a student loan request. The loan request may be submitted online at the TCC Financial Aid website at <https://www.tcc.edu/paying-for-tcc/financial-aid/loans>. The Office of Central Financial Aid (CFA) reviews loan requests daily and conducts a thorough evaluation of the student's borrowing history, enrollment, satisfactory academic progress, financial need, and other assistance available. If deemed eligible, the loan award is posted to the student's account in SIS.

Scholarships

TCC receives a variety of scholarships from private and institutional sources and the TCC Educational Foundation. General information and instructions on how to

apply for scholarships, as well as links to resources regarding scholarships, are available on the [TCC Financial Aid](#) website.

Campus Financial Aid offices will assist students in completing the Scholarship Application and Donor Form and submit the form to CFA for review of eligibility. Upon completion of eligibility and award, scholarships are posted to the student's account in SIS and released for payment of applicable charges on the student's account.

#### Disbursement of Grants, Loans, and Scholarships

Grants, loans, and scholarships are released for payment of applicable charges on students' accounts in SIS. With the student's authorization, funds in excess of the applicable charges on the student's account may be used at the college bookstore for the purchase of books and supplies, meal plans, parking at the Norfolk Campus, child-care services, and HRT transit passes. Any credit balance remaining after reconciliation of applicable charges in SIS including charges for books, supplies, etc., may be disbursed to the student or agency/organization providing the award, if stipulated as such in the grant, loan, or scholarship. Federal and state regulations for the disbursement of grants will apply in all circumstances.

Should a student drop all classes prior to the Last Day to Drop for a Tuition Refund, or fail to begin attendance in all courses, awarded financial assistance will be cancelled and returned to the appropriate awarding entity. Students who withdraw from all classes after the Last Day to Drop for a Tuition Refund are subject to a Return of Title IV Funds calculation in accordance with federal and state grant regulations.

#### Federal Work-Study

The Federal Work-Study program provides part-time work opportunities for students with demonstrated financial need. Eligibility is determined from the results of the Free Application for Federal Student Aid (FAFSA). Students interested in participating in the program should complete a work-study application and submit the completed application to a campus Financial Aid office. Eligible students may be assigned a variety of positions across the college and in community service positions, and work an average of 15 hours per week.

Campus Financial Aid coordinators work closely with CFA in determining eligibility and award amounts. The campus coordinator will align the student with appropriate work opportunities and coordinate the collection of all necessary employment documents and coordinate the hiring process with the Office of Human Resources (HR). Students will enter their time worked in the Human Resource Management System (HRMS) where it will be approved by their supervisors or designated time approvers. Students will be paid according to the designated college payroll processing schedule.

The campus financial aid office will notify HR of work-study terminations and changes in supervisors or designated time approvers. HR staff will reflect such changes in HRMS.

**b. Waivers**

Students who qualify for the Senior Citizens Waiver, Cross Registration Waiver, and/or the Virginia Military Survivors and Dependents Education Program (VMSDEP) may have a part or all of their tuition and fees waived by the college.

Senior Citizen Waiver

Students must submit a completed Student Tuition Assistance for Senior Citizens form (SS-027) to the campus Enrollment Services Office to be considered for this waiver. The Enrollment Office will determine if the student is eligible for the waiver and will notify the student of eligibility. The student must provide the authorized SS-027 form to the campus Business Office. The Business Office will update the student's account in SIS to reflect the waiver eligibility and adjust the student's account as authorized by the Enrollment Services Office.

Cross Registration Waiver

TCC participates in the Virginia Tidewater Consortium for Higher Education (VTC). Students may register on a credit or audit basis at another consortial institution for courses not offered in the current semester at their home institution. TCC students should contact a campus Enrollment Services office for more information about this program.

Students from other VTC member schools who attend courses at TCC must receive approval for cross registration from their home institution and complete all required enrollment forms and VTC registration paperwork required at their home institution. When enrolling at TCC, the student should notify the TCC Enrollment Services Office of his/her VTC cross-registration status and provide authorization from the home institution. The Enrollment Services Office will review all information and will notify the student of eligibility. The student must provide an authorized cross registration form to the campus Business Office. The Business Office will update the student's account in SIS to reflect waiver eligibility and adjust the student's account as authorized by the Enrollment Services Office.

Virginia Military Survivors and Dependents Education Program (VMSDEP) Waiver

The VMSDEP provides education benefits to spouses and children of military service members killed, missing in action, taken prisoner, or who became at least 90 percent disabled as a result of military service in an armed conflict. The purpose of this program is to provide free tuition and fees at any state-supported college or university in Virginia. Benefits are available for up to four years. The student must notify the college and the Virginia Department of Veterans Affairs of their intention to attend TCC. The Virginia Department of Veterans Affairs will determine eligibility and notify the college's Veterans Affairs Office if eligible. Upon notification from the college Veterans Affairs Office, the campus Business Office will update the student's account in SIS to reflect the waiver eligibility and adjust the student's account as authorized.

**c. Military Tuition Assistance**

Each branch of the armed services has specific tuition assistance programs. Students should contact their respective military branches for detailed information about programs that may apply to them. In order to have all or a portion of their tuition and fees covered by the Military Tuition Assistance program, students must provide an authorized Tuition Assistance (TA) form to the campus Business Office. Certain military offices will provide the college with a roster of eligible students, but it is the responsibility of the student to provide documentation of eligibility for the program. Students must also ensure that their appropriate domicile status is documented with the college Enrollment Services Office. The Business Office will review the TA form for compliance with college requirements and advise the student of any tuition and fees for which the student will be responsible.
